

APRICOTS  
**LILLY COT**

**DETAILS**

**HARVESTING**

first decade of June

**CONSERVATION**

high

**WHERE TO PLANT**

Italy, Sicily

**DESCRIPTION**

Lilly Cot is a new variety which is interesting for its earliness and good flavour. The plant has a semi-expanded posture and average vigour; the fructification is rapid; the flowering is high as well as productivity (Lilly Cot fructifies on all types of branches). Harvesting is usually done in two steps.

**FRUIT:** Lilly Cot are oval shaped fruits (average weight 100 g). The skin is orange and red (on 20 - 30% of the surface). The flesh is sweet and juicy.

**ORIGIN:** Italy, Sicily
